In ALL Residencies...

Every student will...

- Learn about and explore the chosen theme
- Learn to write better stories
- Spend about 90 minutes every day working with a professional artist
- Have full involvement in the process
- Gain confidence in themselves and their talents
- Perform in the show

Choose your theme: Canada, Diversity, The Land, Health, Global Issues, Journalism, Leadership, Literary Genres, Math, Random Acts of Kindness, You Belong Here, Going Green, Local History, Igniting Wonder, Create Your Own Theme

Storytelling Workshops

We are proud to introduce the in-class storytelling program!

Throughout many grades and course curriculum exams, students are asked to develop a story or interpretation of a picture prompt.

Using a Trickster developed method, artists will work with classes on a picture prompt selected by you. The artist will work with students to expand this prompt into a full story using physical movement and theatrical reading. At the end of the two day program, students are equipped with another way to expand their storytelling skills.

2-Day Workshop Program

Per a day an Artist will work with 4-5 classes

Students K-9

Cost

Calgary or Edmonton Workshops \$750

Any schools that are located directly in Calgary or Edmonton

Surrounding Area \$900

A day trip (up to 100km outside city limits)

Science Workshops

Acting out units from the NEW Alberta Gr. 1-6 Science Curriculum

This is available as a 2 day program involving 4 classes per day. The artist will use a slide show on the smart board to show the science and then will lead the class in the process of acting out the science. This creates a fun, exciting learning opportunity and long lasting memories of the science. Schools will be able to book multiple 2 day blocks with different content possible for each class involved.

Pricing below:

Calgary or Edmonton Workshops \$900

Any schools that are located directly in Calgary or Edmonton

Surrounding Area \$1150

A day trip (up to 100km outside city limits)
